Our pricing policy is simple: it is transparent and equal for all. As you can see starting on page 266, all of our pricing is printed in the catalog. It is also on our website, mockett.com. The price you see is the price you pay. It is *the price*!

Apparently other suppliers have what politely might be called "flexible" pricing. And we have heard from customers who called and said "Oh gosh, the price was given me over the phone. When I called to place the order several weeks later the price had gone up – a lot! With you guys the pricing is there in the catalog and that's the price everyone can see".

It is what we call transparent pricing. Clear and unambiguous. Or, as I've said more than once, "it's the price my mother pays". All our pricing is "net" pricing.

We sell directly to you. No middlemen and no quantity or dollar minimums. Why should you be penalized when you need just a few of one item?

We do offer volume discounts as listed here and on the website. If you need a blanket order or sizable quantity exceeding our last column pricing, please give us a call.

Prices effective October 1, 2014 and subject to change without notice.
