

1

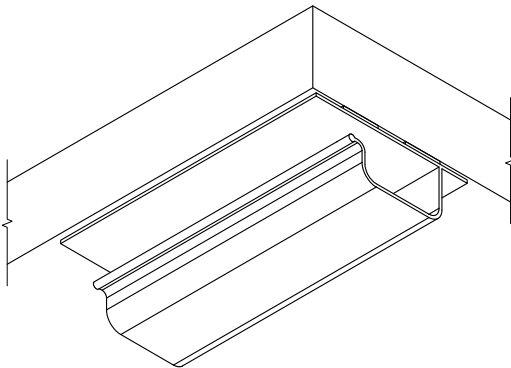

Apply adhesive or double-sided tape to the back of the WM22. If purchased with double-sided tape pre-installed, proceed to step 2.

2

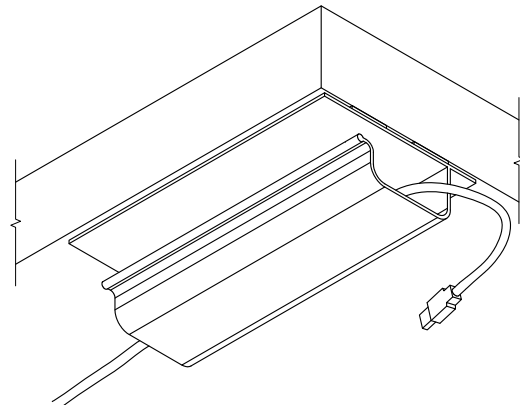

Determine the position and location underneath the work surface in which to apply the WM22.

3

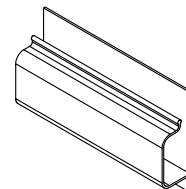

Apply pressure to the WM22 when placing against the work surface until it is held into position by the adhesive.

4

Place wires into position by slipping them through the small opening on top of the WM22.
